The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical raternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.

AND THE RESERVE OF THE PARTY

VERMONT IN 1910.

Vermont's increase of 3.6 per cent in as a well or as wide as a church door on the statistical page, but it is enough to answer conclusively the canard sent goadnast over the country through the nedium of the New York Times to the effect that the state had decreased desidedly in the number of its inhabitants and that "only two or three towns in the state had increased in population." The plain fact is that Vermont shows a very andsome, healthy and substantial indusrial development, but that the desertions from the farms, noted for many ears, have not been checked. The figures detail will be found on page 3 of this

he woll" wlogan is as yet it far cry in the Rares of display advertising furnished on application. Small classified advertisements, in the state have held their own in population. The gains which interest at the first insertion, (Entered at the firstleboro post office as second class mail matter.)

Wilderness, Less than a dozen purely agreements to their own in population. The gains which are noted here and there in small towns are due to some industrial development. For instance, Westminster advances. result of the overflow from Bellows Falls close to the boundary line, and Vernon shows a slight increase due to the deonnecticut river. The lorses in the farming sections are not peculiar to Vermont. The same conditions will be found in the rural regions of Maine and New Who have distinguished themselves in their callings or who have been honored by their fellow citizens in public affairs; lated states like Massachusetts and Conplanter can make good partially the loss | Hampshire and in the more thickly popunecticut. Even Missouri and Iowa show the same tendency. In the exodus from the farms, which means a decrease in the tic of the work. number of producers and an increase in he number of consumers of food products we find one of the big factors in the inhese conditions within the next few years | Historical a inscitable, for the reason that farm life | the men

> In solving the problem every encourage- Mr. ment possible should be offered to the people now on the farms to stay where hey are. Education in methods of farms ing, better schools and good roads to make access to the village and cities easier will all help. The Grange is doing a great work today in making the social life of the farmers more attractive, and the rural people in touch with the pulsations of the world at large remove to some extent the

he country than in the city.

section of isolation.

Brantleboro's increase from 6645 to 7541 state with whom they are likely to be associated.

Sociated.

Mr. Ullery possesses an intimate knowledge of the control and its needle and his belief that the population new would be upwards of 8000. It is very unfortunate upwards of 8000. It is very unfortunate "Men of Vermont," the best state book bring at least 1000 more people here. seems assured. Brattleboro is unquestionably destined to make the greatest advance in its history in the next 10 years. the two previous decades, and it faces the

In the state at large the situation is one to cause neither elation nor depression. Vermont has done better than in either of future with resolution, determined to nake the most of its opportunities. whether they are offered in agriculture, in the development of mineral resources or water powers, or in the promotion of industrial enterprises. Better than any numerical increase is the awakening which has come to Vermont people in the past ten years. The spirit of the times has touched them, and they are today onfident, determined, progressive. The hange in the mental attitude is the most topeful sign in the state at the present time. The future is rich in encouragement and promise.

over Sunday.

ENCYCLOPEDIA OF VERMONT

BIOGRAPHY.

A Book of Great Interest and Value to Vermonters Now Being Compiled by

An "Encyclopedia of Vermont Blogra-phy" is now being compiled and edited by faceb George Ullery of Brattleboro, edi-tor and publisher of "Men of Vermont; An Illustrated Biographical History of Vermont," and editor and publisher of the New England Farmer. The work is the New England Farmer. The work is described in a prospectus as "A Series of Authentia Biographical Sketches of the Representative Men of Vermont and Sons of Vermont in Other States." The publication will be issued during 1911. The price to subscribers will be \$6.50, and although the work is now in its early stages, over 500 subscriptions have been received, 150 of these coming from Brattleboro, where the people intimately ac-

of Vermont Biography will have a broad-er, more practical and more comprehen-sive scope; it will include and classify not only famous men who have made velopment of a big power plant on the themselves valuable to the communities in which they live, in professional, busi-ness, social, literary, or artistic capaci-ties. Sketches will be given of the men who have distinguished themselves in success in other states will also be in cluded when possible. Under this plan

It is designed that the Encyclopedia of Vermont Biography shall cover a wider field and perform a greater mission than

the Grand Army, patriotic orders, etc.
Mr. Ullery asks all good citizens to cooperate in making the encyclopedia complete, authentic and exhaustive. A fine
quality of paper will be used, and in typegraphy and binding the volume will be a
handsome specimen of the printer's skill.
Mr. Ullery plans to have this book take
rank as a standard volume for permanent
reference. The brevity of the sketches
will make it particularly valuable for reference in homes, libraries, newspaper offives and elsewhere. The work will also
possess great value to subscribers in giv-

that the official enumeration was taken in of its kind in our libraries today, is the highest possible guarantee of the painstaking care and accuracy with which the back of the returns. Officially Brattle-

the state should issue bonds it would be necessary to reorganize our highway in this local field there is every reason for department completely and build up a facing the situation cheerfully and hopetions in all walks of life since 1894, and there is a broad field of usefulness today for just such a publication as Mr. Ullery purposes to publish.

AN AMUSEMENT PARK.

Big Dancing Pavilion, Refreshment Hall and Grand Stand to Be Erected on the

Brattleboro will have right at its doors next season an attractive playground and next season an attractive playground and recreation resort, with opportunities for hazeball and other sports and diversited forms of entertainment. The Island Amusement company, which is composed of substantial business men of this town, has its plans completed for the erection on the Island grounds, close to the New Hampshire end of the big bridge, a commodition set of buildings, to include amusement hall, 72 by 48 feet, refreshment hall, and grandstand seating at least 1000 people.

The main building will extend north and south, facing the ball ground to the east. It will be entered through the present building east of the bridge. This building will be remodeled and will contain refreshment booths and other attractive features. tractive features. The amusement hall will contain the largest and finest floor for dancing in this locality. The grand stand, which will be in three sections, will be entered at the top from the two buildings. The main section of the grand-stand will be parallel with the amusement hall and wings will extend into the open hall, and wings will extend into the open field on the north and south. There will be 12 rows of seats in the grandstond. The cement peirs at the bottom of the structure will be put in this fall and the contract for erecting the buildings has been awarded to George Croll. Arrange-ments will be made for a movable starments will be made for a movable stage for vaudeville entertainments, etc., to be placed on the ball field so that the spectaors can enjoy the performance from the grandstand.

grandstand.

The baseball field, which was graded last year, will be still further improved. The surface is now in excellent condition for the new diamond directly in front of

he proposed grandstand. Brattleboro has been impatient for first class baseball for several years and with improved grounds and big grandstand and other attractions there is every reason to believe that a fast semi-professional club will be organized to represent the town next season. A meeting of leading enthusiasts will be held at an early date to formulate rians. Reene and Bellows. to formulate plans. Keene and Bellows
Falls supported strong cubs the past
season and it is understood that the sentiment in Keene is strongly in favor of
a five club league, to include Brattleboro,
Bellows Falls, Keene and two other
towns, possibly Winchenden and AthelCrange. Orange.

Bellows Falls high school defeated Keene high school II-9 at Bellows Falls Saturday, McLeod, Riley and Provost excelled in playing for Bellows Falls, Riley and Provost made the touchdowns and the latter kicked one goal.

and the latter kicked one goal.

Sheldon Lejeune of the Evansville.
Ind., club of the Central league, threw a baseball 426 feet 6¼ inches at Cincinnati, Ohio, Sunday, when the Pittsburg and Cincinnati National league clubs held a field day. He beat by 25 feet 19¼ inches the world's record of 400 feet T¼ inches made by Tom Hatfield 36 years ago.

A sudden attack at night of some form of howel complaint may come to anyone. Every family should be provided with a bottle of Dr. Seth Arnold's Balsam. Warranted by F. H. Holden.
